Subject No. 332.
Agricultural Bank at Palhalli.

Mr. Venkatakrishnayya.

Summary of discussion.—As it is difficult for the Bank to comply with the Government order requiring it to pay the loan of Rs. 30,000 due to Government by annual instalments of Rs. 2,000, it is requested that the Bank may be permitted to repay (1) either the loan by annual instalments of Rs. 500 or (2) merely the interest on the loan for the ensuing ten years, the repayment of the loan itself being allowed to be made by annual instalments of Rs. 1,000 to be paid at the expiration of that period.

Reply of Government.—Representations about the needs of a single Bank may be made through the Inspector of Agricultural Banks and the Deputy Commissioner.

Subject No. 333.
Concessions to settlers at Kaglibore kaval.

Mr. Amble Anniah Pandit.

Summary of discussion.—It is prayed that orders may be passed for granting house sites free of cost to raiyats intending to build houses and settle themselves at the Kaglibore kaval, and two acres of dry land also free of cost to each cultivating raiyat owning a plough and a pair of bullocks.

Reply of Government.—Referred to the Deputy Commissioner for the grant of such concessions as are possible.

Subject No. 334.
Tolls on the Yedatore bridge.

Mr. Anantarajayya.

Summary of discussion.—The bridge near Yedatore being known as the Chamaraja Bridge, tolls collected thereon may be abolished after the cost of the bridge is realized.

Reply of Government.—Noted. The toll revenue will be assigned to the Local Board. It is not clear why this proposal is made.

Subject No. 335.
Levy of assessment on wet lands below Chamaraja channel extension, Yedatore Taluk.

Mr. Amble Anniah Pandit.

Summary of discussion.—The wet lands below the Chamaraja channel extension in the Yedatore Taluk may be assessed at rates similar to those prevailing under the Hulhalli channel in the Nanjangud Taluk, and as no hot-weather supply is claimed by owners of land under the former channel, orders may be passed for not assessing these lands at rates fixed for the wet lands under the old channel.

Reply of Government.—Referred to the Superintendent, Revenue Survey.

BANGALORE DISTRICT.

Subject No. 336.
Water-supply to the town of Nelamangala.

Mr. D. Dasappa.

Summary of discussion.—The scarcity for water in the town is much felt every year as wells dry up completely. Water may be caused to be supplied by laying out branch pipes from the Hessarghatta Pumping Stations, or by the tank being reserved for drinking purposes. There will not be much loss to Government, as the *atchkat* under the tank is only Rs. 647 and odd, and most of the wet lands may be assessed at garden rates, since garden cultivation mostly prevails there.

Reply of Government.—Referred to the Chief Engineer for investigation.

Subject No. 337.

(a) Re-transfer of the Munsiff's Court to Nelamangala.

Mr. D. Dasappa.

(*a*) *Summary of discussion.*—The transfer of the Munsiff's Court from Nelamangala has caused much inconvenience to parties, inasmuch as clients from Hoskote, Nelamangala and Devanhalli taluks cannot attend the Court at proper hours in consequence of the long distance they have to travel. Its re-transfer to Nelamangala is solicited. If this cannot be done, it should be held at Yelahanka where a building is available, or otherwise the Court may sit for two or three months at each Taluk Head-quarters, or, if not, the people would prefer Bangalore, which is nearer to parties of these places than Dodballapur.

Reply of Government.—Noted.

(b) Civil Jurisdiction of the Hoskote taluk.

(*b*) *Summary of discussion.*—The Additional Munsiff's Court at Bangalore had the Civil Jurisdiction of the Hoskote taluk, but after the establishment of one at Dodballapur, it is attached to that court. As it greatly inconveniences the parties, it is requested that the Civil Jurisdiction of the taluk may be re-transferred to the Bangalore Munsiff's Court.

Reply of Government.—Referred to the Chief Court for a reconsideration of the question.

Subject No. 338.

Repairing Kudaragere and Yelachagere tanks.

Mr. D. Dasappa.

Summary of discussion.—Remission of half the assessment is granted for lands under Kudaragere and Yelachagere tanks, which fell into disrepair some six or seven years ago. Their repairs should be undertaken early. This will be beneficial both to Government and to raiyats.

Reply of Government.—Noted.

Subject No. 339.

Grants of lands within the series of Hessarghatta tank for cultivation.

Mr. Ramachandrappa.

Summary of discussion.—It is prayed that, out of the lands reserved as lying within the series of the Hessarghatta tank, such as are not required may be granted for cultivation. At present they are not granted even for grazing purposes.

Reply of Government.—It is understood that the Chief Engineer has allowed lands, not required to be reserved, to be granted for cultivation. The matter is referred to the Deputy Commissioner.

Subject No 340.

Water from Sri Chamarajendra Water Works to be given free.

Mr. B. Gangiah.

Summary of discussion.—In memory of our late lamented Maharaja Sri Chamarajendra Wodeyar Bahadur, we pray that Her Highness the Maharani-Regent may be pleased to extend her benevolence and charity by giving the loyal population of Bangalore drinking water free from the Chamarajendra Water Works.

Reply of Government.—Noted.

Subject No. 341.

Free grant to the City Municipality.

Mr. B. Gangiah.

Summary of discussion.—The incomplete sanitary works started in the Bangalore City are likely to cause more harm than good if they are left as they now are. We pray that the Government may be graciously pleased to
